

MISSION

Metis's mission is to support public and private organizations in achieving results for the children, adults, families, and communities they serve. With our knowledge, skills, and technical expertise, we help clients build on their strengths and expand their capacity to deliver more effective services and to measure the impact of their work.

We cover a wide range of program areas, including education, youth development, child welfare, community revitalization, food access and security, economic development, health, housing, and juvenile justice.
